The new Lamar Resort Luxury VII project is close to all amenities, with the best climate, great amenities, in a quiet area, close to a beautiful beach to enjoy all year round. The new Lamar Resort Luxury VII will have three blocks, two of them with maisonettes. There are gardens on the ground floor and solariums on the top floors. There is another block with suites, which include a shared lift from the basement to the penthouses. The flats consist of two or three bedrooms with two bathrooms on the ground floor with a private garden, on the first floor with large terraces and penthouses with a spacious terrace and a private solarium upstairs with a built-in awning, a summer kitchen with a closed shutter and a private jacuzzi and artificial grass. The communal areas at the development will have beautiful green spaces, a state-of-the-art swimming pool and jacuzzi, children's area and gym. All properties include a private underground garage and storage unit. The famous beaches and marina of Torre de la Horadada are nearby, providing the perfect opportunity to relax while gazing at the crystal

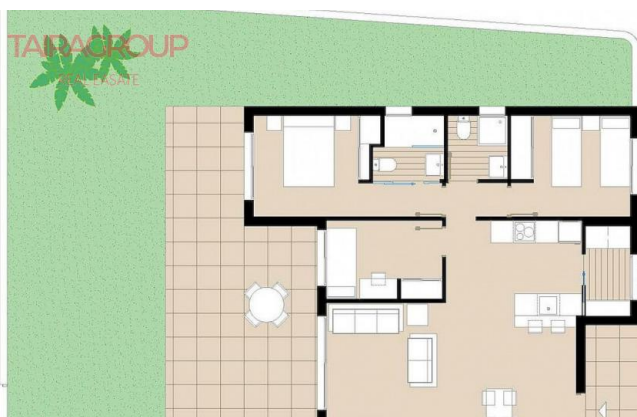

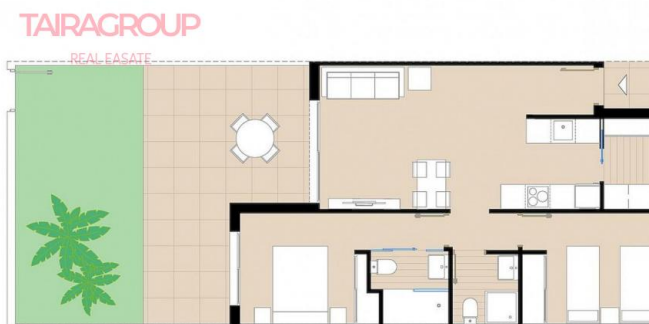

clear waters of the Mediterranean, while the town of Pilar has all the possible amenities you could need on a daily basis, from supermarkets, shops, banks, a medical centre and numerous bars and restaurants. It also has some of the best leisure facilities with its own sports centre and the local 'Lo Romero' golf course.
